

Dr. Firas Mahmood Mustafa  
Nawroz University - College of Engineering -Department of Communication and Computer Engineering  
Duhok, Iraq

**January 08, 2018**

**SUBJECT: Training visit at the ISPAB, Portugal, April, 08-14, 2018**

Dear Dr. Firas Mahmood Mustafa, Passport number: A10499926- Iraq

It is with great pleasure that I would like to cordially invite you to visit the Instituto Superior de Paços de Brandão (ISPAB) as part of the OPATEL project (573915-EPP-1-2016-1-DE-EPPKA2-CBHE-JP) during the dates 08/04/2018 - 14/04/2018. Your participation at our training as your aim to support Iran/Iraq E-learning centers in becoming more innovative and train the future Teachers/Lectures would be very valuable. The purpose of this visit is to attend training at the ISPAB/P&B on E-learning competencies methodologies, skills development and best practices for university teachers/lectures and staff. The intensive week-long training will consist of lectures, seminars and visits to some key Portuguese institutions related to project scope.

The training is part of European Funded Erasmus + program, OPATEL which aims to establish and develop a center to train staff and students in IR&IQ Universities by using Online Platform for Teaching and learning to be a hub for using best practices in ICT in education. As part of the program, IR&IQ Universities and agencies will be trained in Europe and then transfer that knowledge to their home institutions.

We look forward to your visit.

Dr. Joaquim Malta Pinto de Sá  
Vice-President (Representative of ISPAB)
